Sir,

Sub:- Unreserves - Reservation - Draft Section 4
Notification - submission of

I enclose herewith Draft Section 4 Notification, the surveyed sketch and other relevant enclosures in triplicate in respect of Dharmasthala-Mundaje Extension No.V in S.No. 86 and 144 of Chibidri Neria and Thotathady villages of Belthangady Taluk, South Kanara District. The above proposed block with an area of 401 acres, lies on the North eastern corner of Dharmasthala-Mundaje reserved Forest and its extension reserved Forest No. IV falls on the southern side. The said block was surveyed and demarcated during 1956-57 by clearing 8' wide line along the periphery and jungle wood posts of 6' length, 9" diameter and embedded 2' into the ground at all salient points. These posts have been serially numbered in white paint thus P-2 (i.e. P-2 = Post No.2.
S-4 3-4 = Station No. 4)

The proposed block contains good stock of valuable species of Terminalias, Alyias, Lagerstromias through out the entire area. The block is accessible though the country is undulating. There is a perennial stream flowing inside the block entering the block in between station No.21 and 22 and emerging between Station No.35 and 36.

Rights to be allowed:- A cart track noted in the sketch runs through the block starting from Kekkanje to Periadka and to other places. The said cart track enters the block in between Station No.21 and 22 (i.e. 365 links from Station No.21) and quits the block between Station No. 88 and 89 (i.e. 200 links from Station No.88). The road again enters the block in between Station No. 83 and 84 (i.e. 750 links from Station No. 83) and quits the block at Station 77.

I request that the Notification may be got published in the Mysore Gazette and supply me 10 spare copies of the Notification. The following enclosures are submitted:-

Enclosures:-

1. Draft Notification and boundary description.
2. Area and condition statement.
3. Ayacut statement.
4. Statement showing the distances of villages from the block.
5. Perambulation certificate.
6. Surveyed sketches of Dharmasthala Mundaje Extension A.F.

Sir,

Sub:- Forests - South Kanara District - Karkal Taluk
in Mallur village - S.No. 256/1 (Part) -
reservation proposal - Section 4 Notification -
Submission of

I enclose herewith Section 4 Notification the surveyed sketch and other relevant enclosures in triplicate in respect of Pajugade block in Mallur village S.No. 256/1(Part) of Karkal Taluk, South Kanara District. The above proposed block with an area of 408 acres an isolated one and lies within 1 furlong North of Majumale Reserved Forest of Moodabidri Range and is separated by a narrow belt of cultivated field.

The block was surveyed and demarcated during 1955-56 leaving 100 yards of Kumki belt has been left for all the kadim warga land by cutting 8' wide line along the periphery and jungle wood posts of 6' length 2" diameter and embedded 2' in the ground at all salient points. These posts have been serially numbered in order of increasing distance from the road, thus P-2 = ~~xxxx~~ P-2 = Post No.2-- the proposed block is worth reservation as Reserved Forest, as it is fairly well stocked with timber species of Hopea, Mini Lagerstroemia lanceolata etc and also other softwood species. The existing growth can be improved in due course with adequate protection by this Department. Hence the block was selected for reservation.

This proposed block is situated along Karkal - Naravi road, the north east portion i.e. Station No.64 to 0 lies parallel to the above said road between mile stone 7/7 to 8/2 of the road.

I request that the Notification may be got published in the Gazette and supply me 10 spare copies of the notification.

Sir,

Sub:- Survey and demarcation of Dottinaberu unreserve
in Siddapur and Hosangady villages of Coondapur
Taluk - South Kanara District - Section 4
notification - Submission of

I enclose herewith the Section 4 notification the relevant
enclosures, and the surveyed sketch in triplicate in respect of
Dottinaberu Extension No. 1 in Siddapur and Hosangady villages
of Coondapur Taluk, South Kanara District proposed for reservation
with an area of 365 acres.

The block is situated contiguous to both Dottinaberu and
Doddinamane Reserved Forests of Coondapur Range. On the North
east corner it touches the Doddinamane Reserved Forest, Station
No. 39 to 42 consisting of common boundary of the above said
Reserved Forest and again on the South west corner it touches the
Dottinaberu Reserved Forest Station No. 141 to 2 being the common
Boundary of Dottinaberu Reserved Forest.

This block was surveyed and demarcated during 1955-56 leaving
a minimum of 100 yards Kumki belt for all Kadim warga land by
cutting and clearing 8 ft. wide line along the periphery and
planting junglewood posts of 6 ft. long and 9" diameter at all
salient points. These posts embedded 2 ft. into the ground
and have been serially numbered in white paint indicating the
post number as well as station No. thus $\frac{P-4}{S-6} = \frac{\text{Post No. - 4}}{\text{Station No. - 6}}$

This block contains 90 such posts and 141 Survey Stations. The
proposed block is well stocked with timber species of Kyllia,
Terminalia tomentosa, T. paniculata and also other softwood species.
Hence the block was selected. The block lies on either side of
Kanalur - Balebare road between mile stone 13/2 to 15/0.

Right allowed:- The Kanalur - Balebare road having a width of
30 ft. enters the block in between Station No. 2 and 3 between
its mile stone 13/1 and 13/2 and at 70 links from Station No.2
towards Station No.3 and then it quits the block in between
Station No.78 and 79 between mile stone 13/6 and 13/7 and at 60
links from Station No. 78, towards Station No. 79. It runs
through the block to a distance of 5 furlongs.

I request that the Notification may be got published in the
Mysore Gazette and supply me 10 spare copies of the Notification
at an early date.

Sd. A.A.Muddayya,
District Forest Officer,
South Kanara.

And
The Deputy Commissioner,
South Kanara, MANGALORE

Sir,

Sub:- Unreserves - Reservation - Draft section 4
Notification - submission of -

I enclose herewith Draft Section 4 Notification, the surveyed sketch and other relevant enclosures in quadruplicate in respect of Suraladavi Extension No. 1 in Siddapur and Ullur villages (Portions of S.No.121 of Siddapur and 153 of Ullur) of Coondapur Taluk, South Kanara District. The above block is contiguous to Suraladavi Reserved Forest of Coondapur Range and lies to the North west of that Reserved Forest.

The proposed block is fairly well stocked with timber species of Xylia, T.paniculata, T.tomentosa and Hopea scattered here and there. Hence this block was selected, surveyed and demarcated during 1955-56 by leaving a minimum of 100 yards Kumki belt for all Nadim warga lands. The entire area is easily accessible and the ground is gently undulating. The block was surveyed and demarcated by clearing 8' wide line along the periphery and constructing cairns at all salient points with random rubble and numbered with white paint by giving both the cairns number as well as Station Nos.

The block is situated on the left side of Sowda -Balebare road from mile stone 5/5 to 5/6 from Sowda. This block contains 39 such cairns and 69 survey stones.

Rights to be allowed:- The Sowda -Balebare road enters the block between Station No. " 1 " and " 0 " and quits the block in between Station No. 68 & 69 of this block. The length of the road is about 3/4 furlongs and the width is 30 feet.

I request that the Notification may be got published in the Mysore Gazette and 10 spare copies of the Notification supplied to this Office at an early date.

Notification - Submission of

I submit herewith Draft Section 4 Notification, the surveyed sketch and other relevant enclosures in quadruplicate in respect of Suraladavi Extension No. II in Ullur village (Portions of S.Nos 121, 122 and 126) of Coondapur Taluk, South Kanara District. The block lies contiguous to Suraladavi Reserved Forest of Coondapur Range and on the South and South west of the said Suraladavi Reserved Forest. It is fairly well stocked with *T.paniculata*, and *T.tomentosa* etc species and also bamboos. Hence this block was selected, surveyed and demarcated during 1955-56 by cutting 8 ft. wide line along the periphery and erecting cairns of 4'x4'x2' with random rubble at salient corners. This block contains 34 Cairns and all these have been serially numbered with white paint by giving both cairn numbers as well as station numbers. The South east portion is open and contains little growth due to annual fires and will be improve in due course with adequate protection.

The block was surveyed by leaving a minimum of 100 yards of Kumki belt for all the Kadin warga lands. This block is situated along the Shankernarayana Balebare road and on the South of Aribail, village.

I request that the Notification may be got published in the Mysore Gazette and 10 spare copies of the Notification may be supplied to this Office at an early date.

Sub:- Forests - Reservation of unreserves - Nadje
Block - Nada and Ujre villages of Belthangady
Taluk - South Kanara District - Section 4 -
Submission of

Ref:-

I submit herewith the Draft Section 4 Notification under Madras Forest Act V of 1882 together with sketch and relevant enclosures in quadruplicate in respect of "Nadje block" in Nada and Ujre villages of Belthangady Taluk, South Kanara District.

The proposed block is 350 acres in extent and supports good wooded growth inspite of the fact that it has been indiscriminately felled. The area is hilly and the main hillock is called as Nadje-male. Most of this area lies in Nada village and a small portion lies in Ujre village of Belthangady Taluk. The proposed block is situated 2 miles from Belthangady and lies along Belthangady Killur road near mile stone 1/7.

The block is well stocked with hardwood species like Xylia, Benteak, Terminalia with scattered Aini and Rosewood. The area seems to have been worked for war supply sleepers. There are no rights and concessions to be admitted in this block. Hence the block is worth reservation as Reserved Forest.

The block has been surveyed and demarcated during 1956 by clearing 8 ft wide line along the periphery and jungle wood posts of 6 ft length 9" diameter and embedded 2 ft into the ground at all salient points. These posts have been serially numbered in white paint, thus P22 i.e. Post No.2.
S.4 Station No.4

I request that the Draft Notification may be got published in the Mysore Gazette and 10 spare copies of Notification supplied to this Office at an early date.

Sir,

Sub:- Forests - Unreserves - Survey and demarcation -
Kotemale block in Nallur-Kemraje village - Puttur
Taluk - South Kanara District - Draft Section 4
Notification - Submission of

I submit herewith the Draft Section 4 Notification, the surveyed sketch and other relevant enclosures in quadruplicate in respect of "Kotemale block" in Nallur-Kemraje village of Puttur Taluk, South Kanara District. The proposed block is 269.00 acres in extent and lies to the South of Jalaur - Subramanya road and 1 1/2 miles from Elimale. This block is about 3 miles from the Pumale Reserved Forest.

The proposed block contains a hill of about 1000 ft in altitude known as "Kotemale" and hence the block has been called after its name. This hill is covered with luxuriant growth of Hopea mixed with Eugenia gardineri, Artocarpus hirsuta, Dalbergia latifolia, Xylia xylocarpa, Terminalia paniculata etc. The height growth of Hopea particularly on the northern and eastern slopes is about 100 to 120 ft. Dalbergia latifolia is also seen frequently growing to a girth of over 4 ft at breast height. The other species commonly found to cover the top story are T.tomentosa, Mythragynum parviflora, Tetrameles nudiflora, Adina cordifolia, Alastonia scholaris etc. The southern and South western portion of the block contains mostly Xylia xylocarpa and T.paniculata growing to a height of about 80 ft. and a girth of over 5 ft. at breast height. Hence the block is selected for reservation.

The boundary description is given with reference to the local names for making the local people understand the proposed Reserved forest boundary followed for reservation. This block is surveyed and demarcated by cutting 8' wide lines along the periphery and constructing cairns of 4' x 4' x 2' in size with random rubble at all salient corners.

I request that the Draft Section 4 Notification may be got published in the Mysore Gazette and 10 spare copies of the notification may kindly be supplied to this Office at an early date.

Sd.K.A.Muddayya,
District Forest Officer,
South Kanara.
